ATTENDANCE

KANSAS ATTENDANCE LAWS

According to the attendance laws of Kansas (72977, 72111, and 721113), every child is to attend school until they reach 18 years of age. Specifically, the law states:

"Each time that a child is required to attend a public school and that child is absent inexcusably for 3 consecutive days, 5 days in a semester, or 7 days in a school year, the attendance official from the district will make a report of their absences to the designated authorities of the state." This means that the child will be referred to appropriate legal authorities if they are absent three (3) consecutive days, five (5) days in a semester, or seven (7) days in a school year inexcusably. School administration may request that parents/guardians provide a doctor's note in cases where a student has been ill in excess of 3 consecutive days or 10 days cumulative in the school year. Absences of one to three hours shall be counted as one half (1/2) day of absence. Absences of 4 or more hours of school will count as a full day absence.

ATTENDANCE

ATTENDING SCHOOL IS THE STUDENT'S MAJOR RESPONSIBILITY.

When a student is absent, it is the responsibility of the parent or legal guardian to call the school between 7:30 and 8:30 a.m. to explain the nature of the absence. If a student is aware they are going to be absent, the office should be contacted prior to the absence. This applies to missing a single class or the entire day. If the school has not been contacted by 8:30 a.m. about a student's absence, an attempt will be made to contact the parents to obtain the status of the student. Failure to provide written medical verification within one school day of return from school will result in the absence being unexcused. The principal has been designated to determine the acceptability and validity of the excuses presented by the parent(s) or the student. Students accumulating twelve (12) absences in the same class during the year will be contacted by a school administrator. A letter and copy of the attendance policy will be sent to the parents informing them of the twelve absences. Parents will be notified again when students accumulate eighteen (18) absences in the same class during the year. A conference with the parents will be required. The County Attorney or SRS may be contacted. Twenty-four (24) absences in the same class during the year may result in loss of credit for each class affected. Parents will be notified. The County Attorney or SRS may be contacted.

If you arrive at school after the school day starts, you must report to the office and receive a pass before reporting to class. If you are going to leave school early for a doctor's appointment, etc., bring a note from home and give it to the office in the morning. You will receive a permit to leave at the designated time. You must sign in and out on the checkout sheet in the office.

Students of active Duty Personnel shall have additional excused absences at the discretion of the district for visitations of relatives to leave or deployment

EXCUSED ABSENCES

It is the student's responsibility to clear absences with the attendance office within 24 hours. Failure to clear absences within 24 hours will result in an unexcused absence. The State of Kansas delegates to the Board of Education the responsibility of determining reasons for excusable absences.

The following are reasons for excusable absences:

- * Personal illness (Physician's note will be required for any absence over three days).
- * Serious illness or death of a family member or close friend.
- * Obligatory religious observance of the student's own faith.
- * Participation in a school approved student activity.
- * Verified physician or dentist appointments (which can be verified by appointment card)
- * Court appearance (which can be verified through court services' officer)
- * Emergency situations requiring immediate action (which can be verified)
- * An absence, which has been requested in writing and approved in advance by the building administrator. An extended absence form must be filled out and on file in the office before the absence occurs.

UNEXCUSED ABSENCES

An unexcused absence is one, which has been classified as such by the building administration. An absence will be classified unexcused if it does not fit one of the Board of Education's stated reasons for excusable absences or if the building attendance procedure is not followed by the student and the parent/guardian. Students with unexcused absences may be excluded from attending before or after school activities.

Absences shall be unexcused if:

- * Such absence is not excusable under the Board of Education's approved reasons for absences.
- * The student leaves during school hours without permission.
- * The student does not attend class.
- * The student fails to comply with building attendance procedures. This includes situations in which a parent/guardian fails to notify the attendance office within twenty-four hours of the student's return to school.

Truancy: Each principal is designated as a school attendance officer with the authority to report cases of truancy to the Office of the County Attorney. A student is truant if:

1. The child is subject to the compulsory attendance law (ages 7-17) but is not enrolled in a public or nonpublic school, or,
2. The child is subject to the compulsory attendance law and is enrolled in school, but is inexcusably absent for either three consecutive days or five days in a semester, or seven total days during the academic year. (K.S.A. 72-113)
3. A 16 or 17 year-old student may be exempt from the compulsory attendance requirement if one of the following criteria is met:
 - a) The student is regularly enrolled in a program recognized by the local board of education as an approved alternative educational program.
 - b) The student and parent attend a final counseling session at the school and both sign a disclaimer, provided by the school acknowledging the ramifications of terminating the student's educational program. Alternative educational options available to the student will be reviewed during the final counseling session.

Students who are eighteen years of age may request that they be responsible for their attendance, with parental approval. In such instances, the school will notify the parent/guardian of this change in notification requirements. An eighteen year-old student is not subject to the compulsory attendance statute and may be dropped from the active roll if not in regular school attendance.

Participation in extra-curricular activities (trips, sports, parties, cheerleading, etc.), requires that you must attend classes. All students planning to attend any extracurricular activities will need to be in attendance at 7:50 a.m. Exceptions to this policy must have prior administrative approval. If a student leaves school due to illness or other emergency the student should not attend athletic practice after school of the same day without administrative approval.

MAKE-UP WORK

All work missed because of absence is to be made up. Students, who know they will be absent and are sure they will be excused, should get assignments and complete them in advance. Upon his/her return to school, the student's first consideration must be for the immediate assignment. Students will be given 2 days for the initial day they were absent, and one day for everyday missed after the first day. Example; Two school days missed, equals three school days to make up all missed work. The work should be turned in on the third day. Please remember it is the responsibility of the student to obtain and make up his or her work.

Students need to realize that your counselor wants to visit with you whenever the need arises.

There are two honor rolls, the "A" and "B". To be placed on the "A" Honor Roll, a student must have received grades no lower than 90%. To be on the "B" Honor Roll, a student must have received grades no lower than 80%.

ACADEMIC LETTERING

An academic letter bar will be awarded for each two consecutive semesters of 3.0 G.P.A. following the letter. These letters will be presented at the fall meeting of all students.

The academic letter requires that each student maintain a basic citizenship requirement. No student shall have an in-school or out-of-school suspension during the two semesters. Either suspension will nullify that semester's grade point average counting toward the letter.

SPORTSMANSHIP & BEHAVIOR AT GAMES & ACTIVITIES

KSHSAA Citizenship/Sportsmanship

The effective American secondary school must support both an academic program and an activities program. We believe that these programs must do more than merely coexist; they must be integrated and support each other in "different" arenas. The concept of "sportsmanship" must be taught, modeled, expected, and reinforced in the classroom and in all competitive activities. Therefore, all Kansas State High School Activities Association members stand together in support of the following sportsmanship policy.

Philosophy:

Activities are an important aspect of the total education process in the American schools. They provide an arena for participants to grow, to excel, to understand and to value the concepts of sportsmanship and teamwork. They are an opportunity for coaches and school staff to teach and model sportsmanship, to build school pride, and to increase student/community involvement; this ultimately translates into improved academic performance. Activities are also an opportunity for the community to demonstrate its support for the participants and the school, and to model the concepts of sportsmanship for our youth as respected representatives of society. **SPORTSMANSHIP IS GOOD CITIZENSHIP IN ACTION!**

Policy:

Sportsmanship is a general way of thinking and behaving. The following sportsmanship policy items are listed below with examples for clarification:

1. **BE COURTEOUS TO ALL** participants, coaches, officials staff and fans
(Desirable Behavior) - Cheerleaders "Welcome/Good Luck" yells to opposing fans/cheerleaders; combined yells by both cheerleading squads to the entire crowd, opposing coaches and players shaking hands before and after game; applause during introduction of players, coaches and officials; players shaking hand of opponent fouling out while both sets of fans recognize player's performance with applause; all showing concern for injured player; respectfully addressing officials during competition and thanking them for their performance, regardless of agreement with all calls; host school should extend hospitality to visiting players, coaches, cheerleaders, and fans.
(Unacceptable Behavior) - The following behaviors are examples: Fans reading newspapers, turning their backs, making disrespectful actions, etc. during introduction of opponents; yelling, waving, etc. during opponent's free throws; derogatory yells, chants, songs, gestures, including "goodbye," "air ball," "you, you," "what's the score?", "warm up the bus," and other expressions.
2. **KNOW THE RULES AND RESPECT THE OFFICIAL'S DECISIONS**
(Desirable Behavior) - Use every opportunity to promote understanding of the rules of the contest within the school and community; players utilize the team captain or coach for clarification of the call; accept the decisions of the officials; cheerleaders lead fans in positive school yells in a positive manner; cooperate with the news media in interpretation of clarification of rules.
(Unacceptable Behavior) - Boing or heckling an official's decision; criticizing the merits of officiating; displays of temper and

- arguing with an official's call, derogatory remarks toward the official.
3. **WIN WITH CHARACTER AND LOSE WITH DIGNITY**
 (Desirable Behavior) - Handshakes between opposing players and coaches at end of contests, despite the outcome; opposing players, coaches and fans engaging in friendly conversations before and following contest; treating competition as a game, not a war; applause at end of contest for performance of all players
 (Unacceptable Behavior) - Yells that antagonize your opponents, when you feel you have won the game; refusing to shake hands or give recognition to winner or good performance, blame loss on officials, coaching, individual player's performance, or other rationalizations, victory celebrations on the playing surface.
 4. **DISPLAY APPRECIATION FOR GOOD PERFORMANCE REGARDLESS OF THE TEAM.**
 (Desirable Behavior) - Coach/players search out opposing participants to recognize them for outstanding performance or coaching; all fans recognize an outstanding participant's performance by applause, regardless of its impact on the contest; discuss outstanding performance of opponent with visiting and home fans.
 (Unacceptable Behavior) - Laughing, pointing finger, name calling, etc. of opponents in an attempt to distract; to degrade an excellent performance by opponents.
 5. **EXERCISE SELF CONTROL AND REFLECT POSITIVELY UPON YOURSELF, TEAM, AND SCHOOL.**
 (Desirable Behavior) - Support the activity by learning yells of cheerleaders and displaying total unity as fans in following their lead.
 (Unacceptable Behavior) - Displays of anger, boasting, use of profanity, bouncing beach balls, antics that draw attention to you instead of the contest; doing own yells instead of following lead of the cheerleaders; doing unsportsmanlike yells/gestures like "you, you, you!" while pointing finger at fouling opponent.
 6. **PERMIT ONLY POSITIVE SPORTSMANLIKE BEHAVIOR TO REFLECT ON YOUR SCHOOL OR ITS ACTIVITIES.**
 (Desirable Behavior) - Positively encourage those around you to display only sportsmanlike conduct; report poor sportsmanship to school officials; boards of education insist that sportsmanship be a priority; administrators help coaches to teach, model and reinforce sportsmanship, recognize coaches for sportsmanlike conduct; coaches will play those who exhibit positive sportsmanship; administrators will take appropriate action to ensure sportsmanlike behavior.
 (Unacceptable Behavior) - Fans, players, coaches, administrators, or board of education's unwillingness to get involved and take a stand to defend the main principles of school activities teaching and promotion of sportsmanship.

ENFORCEMENT PROCEDURE

1. Violations of the Code of Ethics, KSHSAA rules and regulations or sportsmanship regulations by member schools and/or individuals shall be subject to consideration by the KSHSAA.
2. Actions may result as a reprimand, probation or suspension of the school and/or individual depending upon the degree of the violation.
3. If a member school is not willing to impose disciplinary measures acceptable to the KSHSAA, a hearing (informal or formal) will be held and restrictions imposed by the KSHSAA.
4. School/coaches are encouraged to use the NCR Report Form to call attention to the KSHSAA any unusual situations, positive or negative, immediately following the contest.

Students who represent Spearville Schools should be on their best behavior at all times.

GUIDELINES TO COMMUNICATION WITH COACHES

Please keep in mind that Spearville coaches, assistant coaches and administrators have the team's and student's best interest at hand at all times. We expect our coaches to be open to communication from players and parents during the school year and a sport season.

Regardless of the season, coaches are attempting to develop each athlete's abilities so that the abilities of all the team members are improved. Each athlete will be given a fair opportunity to compete for the available positions on the team. It is our promise that playing time decisions made by coaches are based on the abilities and performance that each player displays to the coaches on the playing field or court. These decisions are not personal. These decisions are made with the best interest of the team and each individual player in mind.

We understand that there may be times of frustration for athletes and parents that need to be discussed with the coach. In an attempt to help student athletes and their parents to better understand how to communicate with our Spearville Lancer coaching staff, the following guidelines have been created:

- 1.) PLEASE REMEMBER THAT LINES OF COMMUNICATION BETWEEN STUDENT ATHLETES, PARENTS AND COACHES ARE ALWAYS OPEN, AND ENCOURAGED. If you are uncertain how to approach a coach please contact the high school office.
- 2.) IF YOU HAVE CONCERNS PLEASE CONTACT THE COACH FIRST. IF YOU ARE EMOTIONAL OVER AN INCIDENT A 24 HOUR COOLING OFF PERIOD IS SUGGESTED. Please do not talk to coaches after games.

- 3.) COACHES WILL MAINTAIN OPEN CONTACT WITH PARENTS AT ALL TIMES. PARENTS WILL BE NOTIFIED OF MAJOR CONCERNS, INJURIES, AS WELL AS STUDENTS THAT QUIT THE TEAM.
- 4.) IN ATTEMPT TO MAINTAIN ISSUES OF CONFIDENTIALITY, PLEASE CONTACT THE COACH AT SCHOOL IF YOU HAVE A CONCERN. THE COACH WILL CONTACT YOU AS SOON AS POSSIBLE. Please note, our coaches cannot discuss other students.
- 5.) PARENT COMMUNICATION IS ENCOURAGED AND WELCOME. IF THERE IS A BREAKDOWN IN COMMUNICATION, PLEASE CONTACT THE ADMINISTRATION SO A MEETING CAN BE SCHEDULED TO DISCUSS YOUR SITUATION.

USD 381 Emergency Safety Interventions (See JRB, JQ, JQA, and KN)

GAAF

The board of education is committed to limiting the use of Emergency Safety Interventions ("ESI"), such as seclusion and restraint, with all students. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school's code of conduct, school safety plan, or student handbook.

Definitions (See K.A.R. 91-42-1)

"Emergency Safety Intervention" is the use of seclusion or physical restraint when a student presents an immediate danger to self or others. Violent action that is destructive of property may necessitate the use of an emergency safety

intervention.

“Seclusion” requires all three of the following conditions to be met: (1) the student is placed in an enclosed area by school personnel; (2) the student is purposefully isolated from adults and peers; and (3) the student is prevented from leaving, or reasonably believes that the student will be prevented from leaving, the enclosed area.

“Chemical Restraint” means the use of medication to control a student’s violent physical behavior or restrict a student’s freedom of movement.

“Mechanical Restraint” means any device or object used to limit a student’s movement.

“Physical Restraint” means bodily force used to substantially limit a student’s movement.

“Physical Escort” means the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is acting out for the purpose of inducing the student to walk to a safe location.

“Time-out” means a behavioral intervention in which a student is temporarily removed from a learning activity without being confined.

Prohibited Types of Restraint

All staff members are prohibited from engaging in the following actions with all students:

- Using face-down (prone) physical restraint;
- Using face-up (supine) physical restraint;
- Using physical restraint that obstructs the student’s airway;
- Using physical restraint that impacts a student’s primary mode of communication;
- Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and
- Use of mechanical restraint, *except*:
 - Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional;
 - Any device used by law enforcement officers to carry out law enforcement duties; or
 - Seat belts and other safety equipment used to secure students during transportation.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on the use of emergency safety interventions. The intensity of the training provided will depend upon the employee’s position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than classified staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain documentation regarding the training that was provided and a list of participants.

Documentation

The principal or designee shall provide written notification to the student’s parents any time that ESI is used with a student. Such notification must be provided within two (2) school days.

In addition, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the intervention.
- Type of intervention,
- Length of time the intervention was used, and
- School personnel who participated in or supervised the intervention.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent on at least a biannual basis. At least once per school year, each building principal shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Local Dispute Resolution Process

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a

formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings and recommended action to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt a report containing written findings of fact and, if necessary, appropriate corrective action. A copy of the report adopted by the board shall be provided to the parents, the school, and the state board of education.
